

MUNI Innovation Award 2021 Nomination

Focus

Award for individual students and employees (academics and non-academics), whose outcomes have been successfully introduced into practice, helped to improve products or services or contributed to increase the social relevance of research at the Masaryk University in any other way.

Aim

Public award and reward of those students and employees (academics and non-academics), who have demonstrably contributed to the practical application of knowledge and activities of the MU.

Organizer

Masaryk University, guarantor Technology Transfer Office MUNI.

Rules

1. A nomination for the award of a student or employee of the MU can be submitted by anyone (natural person from the MU or outside or legal person). The reasons for nomination are: inventions, projects, technologies, services and other relevant activities and outcomes, which have been successfully implemented into the praxis, helped to improve products or services, or about which the proposer is convinced that they have contributed to increase the social relevance of the MU research or that meet the criteria for a significant innovation act.
2. Nominations can be submitted via the electronic form at www.ctt.muni.cz/mia2021 from 1st July 2021 to 15th September 2021.
3. A proposer may send several nominations. The names of the proposers will not be communicated and published, they will remain anonymous.
